ALLEN H. ALIPIO

Licor Street, Poblacion Norte, Paniqui, Tarlac| alipioallen5@gmail.com | +63-921-855-2206

OBJECTIVE

Frontend Developer with a solid foundation in web development, eager to continue growing technical skills in a collaborative team environment. Demonstrated ability to contribute effectively to diverse projects while maintaining a focus on frontend development. Motivated to take on new challenges and responsibilities that support both personal learning and team success in creating quality web solutions.

WORK EXPERIENCE

Web Developer – Frontend (Internship)   *January 2023 – June 2023*
Wireless Access for Health Inc. (6 months)
- Collaborated with a team of developers to build and test features for a Angular-based web app
- Developed UI and transition pages.
- Fixed front-end bugs and improved UI responsiveness across mobile and desktop

Web Developer (Training)   *October 2023 – December 2023*
My Creative Panda INC. (2 months)
- Developed and managed dynamic WordPress posts using custom tags and contents
- Built responsive websites from scratch utilizing YOOTHEME Builder's drag-and-drop interface and customization features
- Implemented comprehensive site security and performance monitoring using SiteGuard configuration

Web Developer   *February 2024 – 2026*
Fullstack HQ
- Developed responsive web applications using React, Next.js, and React Native for cross-platform compatibility
- Built custom websites and landing pages utilizing WordPress builders including Elementor, Breakdance, and Gutenberg
- Created interactive web experiences and prototypes using modern design platforms like Webflow and Framer
- Developed and customized e-commerce solutions on Shopify platform with focus on user experience and conversion optimization
